GUN OWNERS CAUCUS

THE TRUSTED VOICE OF MINNESOTA GUN OWNERS

The Minnesota Gun Owners Caucus is Minnesota's largest grassroots defender of the Second Amendment. We oppose every law and government action that infringes on peaceable gun owners, and we fight it at the Capitol, in court, and in communities across the state.

AT THE CAPITOL

Testimony at every hearing, action alerts to members, and constituents calling the legislators each vote depends on.

IN COURT

Through the MN Gun Owners Law Center we sue when Minnesota or a city breaks the law, and file briefs in cases across the country.

IN YOUR COMMUNITY

Volunteers at gun shows, county boards and town halls, and follow-up when a city or county breaks state gun law.

OUR RECORD

- **Carry at 18.** Our win in *Worth v. Jacobson* stood when the Supreme Court declined Minnesota's appeal in 2025. Adults 18 to 20 can now get a Permit to Carry.
- **Binary triggers are legal.** We struck down the 2024 ban in *Caucus v. Walz*, and the Court of Appeals affirmed in 2026.
- **Counties brought into line.** When Olmsted and Fillmore counties refused permits to 18-20 year olds, we forced them to comply.
- **Saint Paul sued the same day** it passed its semi-auto and carry ordinance in 2025. The court refused to dismiss our case.
- **No gun control passed in 2025 or 2026.** In 2026 a gun ban passed the Senate by one vote and never got a House vote.
- **At the Supreme Court.** Amicus briefs from *Bruen* to this term's AR-15 case, *Viramontes v. Cook County*.
